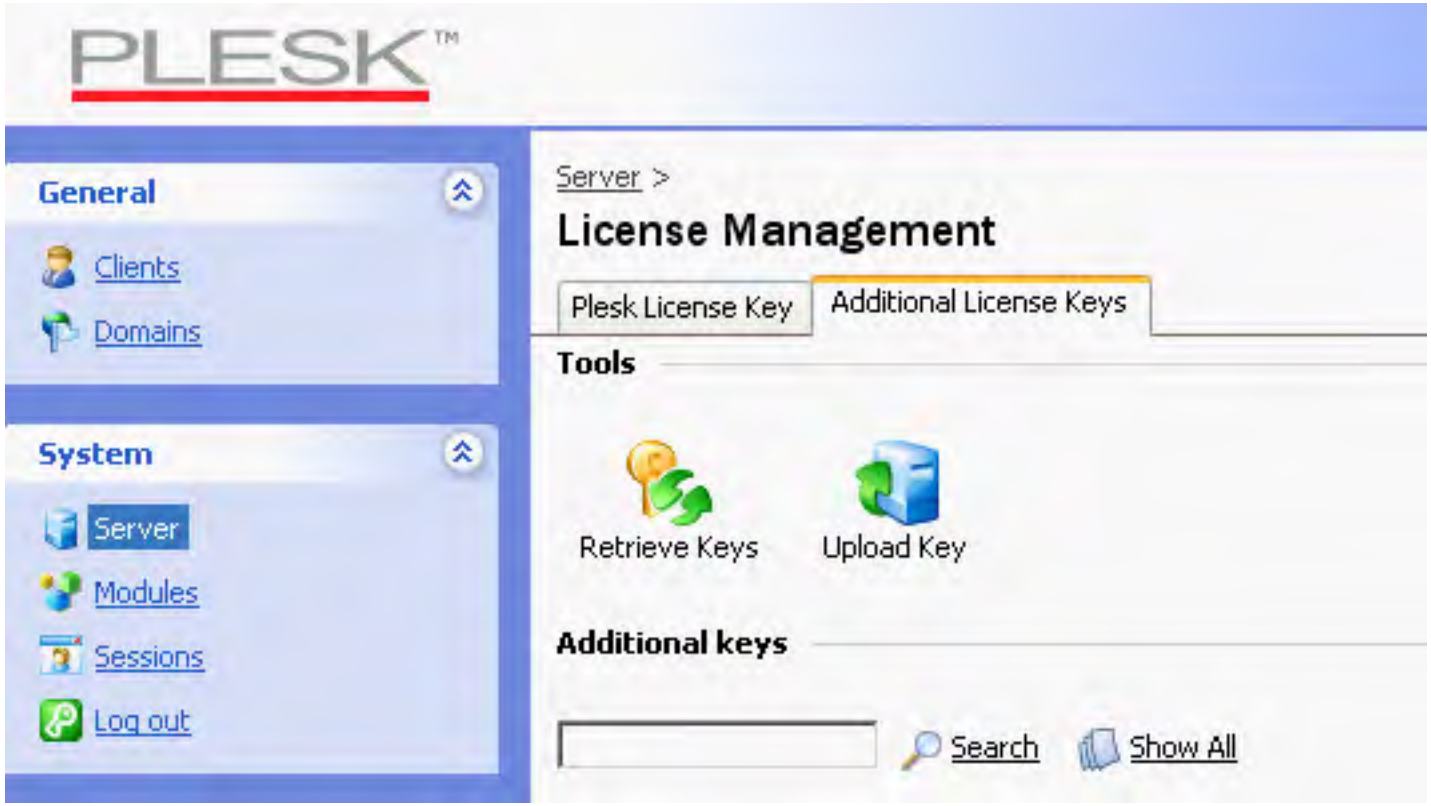
How Plesk Redefines Manageable Hosting Services

Diarmuid Daltún – CSO/VP WW Sales

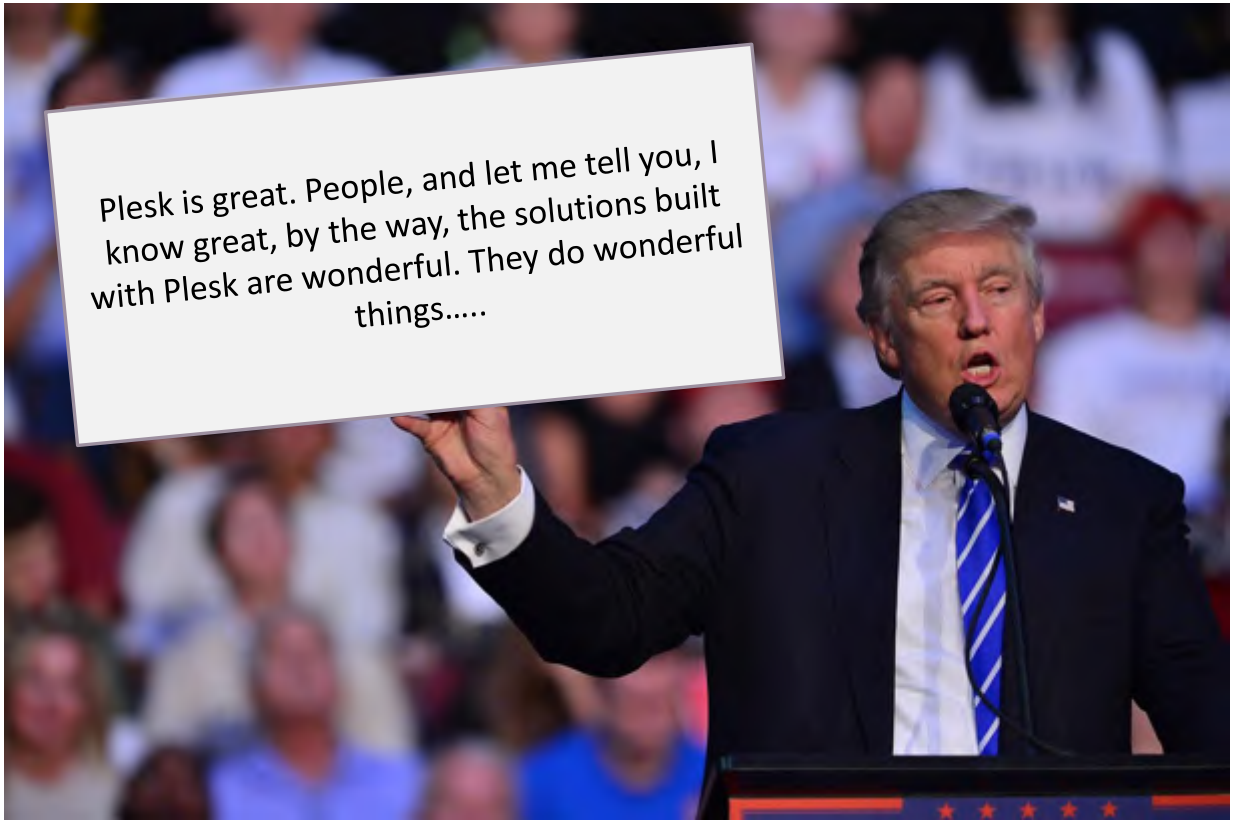
WHD.Beijing 18th November 2016

plesk

What a control panel used to be….



Change….



Plesk is great. People, and let me tell you, I know great, by the way, the solutions built with Plesk are wonderful. They do wonderful things…..

We enable our Partners, to generate the maximum ROI from their infrastructure by powering solutions aimed at relevant target groups

The secret sauce…

+

plesk ONYX

=

Every Solution starts with understanding the End-Customer needs:

Plesk is the only tool you‘ll ever need to build, secure and run websites and applications in the Cloud.
