The 2nd Int'l Conference on Real Estate and Urban Economics (REUE 2016) will be held from May 29 to 31, 2016 in Nanjing, China. This Conference will cover issues on Real Estate and Urban Economics. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods.

REUE 2016 will be co-located with the following conferences:

The 2nd Agricultural Economics Conference (AEC 2016)

The 6th Quantitative Economics Conference (QEC 2016)

The 2nd Internet and Digital Economics Conference (IDEC 2016)

The 2nd Health Economics Conference (HEC 2016)

2016 Environmental and Resource Economics Conference (EREC 2016)

2016 Industrial and Technological Economics Conference (ITEC 2016)

2016 Business Economics Conference (BEC 2016)

REUE 2016 is devoted to the advancement of Real Estate and Urban Economics. Real estate economics is the application of economic techniques to real estate markets. It tries to describe, explain, and predict patterns of prices, supply, and demand. Urban economics is broadly the economic study of urban areas; as such, it involves using the tools of economics to analyze urban issues such as crime, education, public transit, housing, and local government finance. The scope of REUE 2016 covers both theoretical and practical areas of Real Estate and Urban Economics, and the detailed areas of interest for this Conference are listed in the section of "Call for Papers".

REUE 2016 will be a valuable and important platform for inspiring international and interdisciplinary exchange at the forefront of Real Estate and Urban Economics. The Conference will bring together academicians, economists, mathematicians, and policy-makers from all over the world, and we hope that you will take this opportunity to join us for academic exchange and visit the city of Nanjing. We look forward to seeing you in Nanjing in May 2016.
