2016 Industrial and Technological Economics Conference (ITEC 2016) will be held from May 29 to 31, 2016 in Nanjing, China. This Conference will cover issues on Industrial and Technological Economics. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods.

ITEC 2016 will be co-located with the following conferences:

The 2nd Agricultural Economics Conference (AEC 2016)

The 2nd Int'l Conference on Real Estate and Urban Economics (REUE 2016)

The 2nd Internet and Digital Economics Conference (IDEC 2016)

The 2nd Health Economics Conference (HEC 2016)

2016 Environmental and Resource Economics Conference (EREC 2016)

The 6th Quantitative Economics Conference (QEC 2016)

2016 Business Economics Conference (BEC 2016)

ITEC 2016 is devoted to the advancement of Industrial and Technological Economics. Industrial and Technological Economics is a sub-field of economics that is concerned with industrial and technological issues. The scope of ITEC 2016 covers both theoretical and practical areas of Industrial and Technological Economics, and the detailed areas of interest for this Conference are listed in the section of "Call for Papers".

ITEC 2016 will be a valuable and important platform for inspiring international and interdisciplinary exchange at the forefront of Industrial and Technological Economics. The Conference will bring together

scientists, economists, mathematicians, and decision-makers from all over the world, and we hope that you will take this opportunity to join us for academic exchange and visit the city of Nanjing. We look forward to seeing you in Nanjing in May 2016.
