

## Railway Logistics Solutions Forum ( 铁路物流解决方案论坛 )

尊敬的\_\_\_\_\_先生/女士，您好！

Railway Logistics Solutions Forum ( 铁路物流解决方案论坛 ) 将于2016年09月在上海召开。

### 会议通知

#### The Latest Rail Solutions in the China-Europe Corridor

The Railway Logistics Solutions Forum brings together supply chain and logistics professionals for networking, learning and high level debate, as the rail freight industry's leaders come together to debate the latest trends and solutions available between China and Europe. Hear from different perspectives on how to ship goods via rail - operators and 3PLs will explore the impact of rail freight and improved freight connections, looking at the current trends and predictions to discuss how rail freight might disrupt air and sea freight between China and Europe. End-users shippers will also share their experiences on how they use rail freight for their own shipments.

#### Participating Companies

#### Take Part in the China/Europe Rail Freight Community
